

Fox 02

The Fox provides a compact, ergonomic design that celebrates 'the luxury of less'. A light, bright and clever layout, demonstrating our 'smart design' philosophy of 'design big, build small', which focusses on making a space feel much more generous and open than it actually is. The design can easily accommodate 2, 3, 4 or 5 bedrooms. Fox can also act as a separate studio, granny flat or bungalow detached from your primary home. This formulated design maximises solar gain and natural air-flow, allowing for a warm home in winter and a cool home in summer.

Size: 42 (m²)

Dimensions: 4.3 x 9.8 (m)

Rooms: 2 bedrooms
1 bathroom/laundry

from \$150,680*
