

# Eli 01

This home balances the complexities of modern living with its angled form, by separating sleeping & entertaining zones and reaching out across the site to maximise indoor/outdoor living, comfort and any potential views. This shape naturally creates a private yard shielded from the elements and/or busy streetscapes in suburban environments. Alternatively, the layout can be flipped around to embrace its community & have a larger front yard. The choice is up to you.

Size: 90 (m<sup>2</sup>)

Dimensions: 14.7 x 10.7 (m)

Rooms: 3 bedrooms  
2 bathrooms  
laundry  
living area  
dining  
kitchen
